General presentation

The Students' Academy is a major annual event for psychomotricity in Europe. Organized by the European Forum of Psychomotricity, the 2026 edition will take place in France, hosted by the Fédération Française des Psychomotriciens at Institut Supérieur de Rééducation Psychomotrice de METZ.

This event brings together students and teachers from various European countries, fostering cooperation and exchange of professional practices in psychomotricity.

Goals

- Promote psychomotor practices and development of knowledge in psychomotricity at the European level.
- Encourage intercultural exchanges and sharing experiences among students.
- Strengthening ties between institutions and professionals.
- Highlight the diversity of approaches and practices in psychomotricity.

2026 Theme

Psychomotor therapist: a profession of prevention, detection, and care at all ages

Agenda

ISRP METZ, 6 Boulevard Paixhans, 57000 METZ, France
